## Where Playground Meets Art

### Climbsly 4.5

A sculptural climbing landscape inspired by the flowing form of DNA. Children can climb, balance, slide, and explore from every direction while adults enjoy its striking architectural presence.

Fall Height : 4' 9" (1.44 m).

### Climbsly 6.8

More than seating, this elegant sculptural bench becomes a focal point that encourages people to pause, connect, and enjoy the space around them.

Fall Height : 3' 1" (0.93 m).

### Climbsly 7.9

An iconic play sculpture where climbing, balancing, sliding, and resting flow together in one continuous form.

Fall height: 7' 6" (2.32 m).

### Climbsly 8.0

This large play sculpture becomes a destination piece that encourages exploration, gathering, and imaginative play.

Fall Height : 6' 9" (2.1 m)

### Laysly 3.5

A flowing sculptural play form that invites climbing, balancing, sitting, and relaxing in a shared play landscape.

Fall Height : 6' 10" (2.1 m)

## Moveart Play Sculptures

*Moveart transforms public spaces with sculptural play installations inspired by the flowing form of DNA. Crafted in Switzerland from long-life Accoya® wood, these iconic structures combine climbing, lounging, balancing, and social gathering in one striking design. Unlike traditional playground equipment, Moveart pieces function as interactive public art—creating destination spaces that attract attention and conversation for years to come. They're not for every park, but for projects seeking something extraordinary, Moveart delivers a statement piece that elevates the entire space.*

*Contact us to discuss pricing and project possibilities.*
